## Dillon RMP Land Use Planning Process Ends

In April 2006, a Record of Decision (ROD) and Approved Resource Management Plan (RMP) was released by the Bureau of Land Management's Dillon Field Office. The release culminated almost five years of effort on the part of the BLM, other agencies, and the public to develop a framework for management of 900,000 public land surface acres and 1.3 million acres of federal mineral estate administered by the Dillon Field Office in Beaverhead and Madison Counties. The ROD was signed on February 7, 2006 and a *Federal Register* notice was subsequently published on April 14, 2006, announcing the availability of the ROD and Approved RMP.

The Dillon Field Office thanks those members of the public, individuals, organizations, and agency personnel, for their insight and involvement in developing the RMP.

The ROD and Approved Plan was distributed to members of the public previously requesting a copy. Copies are still available by contacting the BLM office in Dillon (*see contact information below*). It can also be viewed at public libraries in Dillon, Twin Bridges, Ennis, Whitehall and Bozeman, at any BLM office in Montana, or on the internet at <http://www.mt.blm.gov/dfo/rmp>.

Printed copies or CD-ROM versions of the ROD and Approved RMP can be obtained by contacting the Dillon Field Office at (406) 683-8000, or by writing Dillon Field Office, 1005 Selway Drive, Dillon, MT 59725. The ROD/RMP as well as other documents related to the Dillon land use planning process can also be viewed on the Dillon Field Office website at [www.mt.blm.gov/dfo](http://www.mt.blm.gov/dfo).

### Acronyms

RMP = Resource Management Plan

## Note to Our Readers

The land use planning process to develop the Dillon Resource Management Plan has been completed, and thus, this is the last issue of the **Update** newsletter. We hope you stay involved as we begin to implement provisions of the RMP and continue to manage the public lands in the interest of present and future generations. If you are interested in participating in partnerships or wish to volunteer to help BLM accomplish its mission, please contact us at (406) 683-2337. We encourage you to participate in the day-to-day management of the public lands as we strive to meet the challenges of multiple use and sustained yield.
